  - **Internshala Certificate** : [https://drive.google.com/file/d/15dJJJeFH1uKlrA05vB\\_LhCus3pNueiVXj/view?usp=sharing](https://drive.google.com/file/d/15dJJJeFH1uKlrA05vB_LhCus3pNueiVXj/view?usp=sharing)

- **Projects:**

## **Video Calling Application**

- Languages : Javascript, Html, Css
- Technologies used :
  - Backend : Node.js, WebRTC
  - Frontend : React.js, Html, Css, Javascript
- Database : MongoDB

**Synopsis :** Built a real-time video calling and messaging app. The app supports video calls with good audio. It includes a secure and easy-to-use chat feature for sending messages. The goal was to help people stay emotionally connected, no matter how far the distance.
